

PK11™

PK11™ is a complex and beautiful chair carried by a three-legged satin brushed stainless steel frame. The chair was designed by Poul Kjærholm in 1957 as a companion to the PK51™ worktable designed that same year. Together, the two parts were originally designed as a matching set.

POUL KJÆRHOLM 1929-1980

Poul Kjærholm was a trained carpenter and continued his studies at the Danish School of Arts and Crafts. He had a particular interest in different construction materials; especially steel which he considered a natural material with the same artistic fineness as other natural materials. Kjærholm was first employed at Fritz Hansen for about a year, where he designed a number of noteworthy chair prototypes.

In 1955 Poul Kjærholm initiated his collaboration with manufacturer Ejvind Kold Christensen, which lasted until Poul Kjærholm's death in 1980. In 1982, Fritz Hansen took over "The Kjærholm Collection", developed from 1951 to 1967, designs, which are logical to the minute detail with an aura of exclusivity.
