

ELLE

Single

Corner sofa

Description:

Elle is a flexible modular sofa with a soft and feminine look. Its shape is round, organic and accommodating, and the rounded back and armrests make it very comfortable. The sofa consists of two corner modules (right/left) and a centre module, which makes it possible to make a small couch or a large corner unit. Because it's not very deep it is also well suited to small rooms. As an option, you can have pockets on the backs of the backrests for magazines, ipads, remote controls, and so on.

Year of design: 2015

Design: Charlotte Høncke

I graduated as an industrial designer from the Danish School of Architecture in 2002, but soon discovered that furniture design was my passion. I founded my own studio in Aarhus in 2010, where I design furniture, lamps and related products, mainly for the home. I like to combine functionality and aesthetics with small, surprising details. I always have a clear basic idea that is the starting point for the design, and then take a playful approach to the details with elements such as stitching, buttons, etc. There must be some details that make the furniture stand out. I like creating furniture that's unpretentiously cozy and humorous.
