

MIDA

PRODUCT INFO

DESIGNER: ANTONIO CITTERIO

TYPOLOGY: STORAGE UNITS

COLLECTION: MAXALTO

YEAR: 2003

DESCRIPTION

THE COMMON DENOMINATOR IN MIDA CONTAINERS IS A BASE IN BRONZED, GLOSSY CHROME-PLATED, PAINTED NICKELLED OR PAINTED BLACK STEEL PROFILES WHICH SUPPORTS VARIOUS TYPES OF CONTAINERS: THE SMALLEST WITH FEET ARE AVAILABLE IN TWO HEIGHTS WITH DOORS THAT ROTATE OUT 270° AND VARIOUS INTERNAL ACCESSORIES; THE LONG, LOW CUPBOARD WITH ROTATING DOORS REVEALS EITHER THE TWO EXTERIOR COMPARTMENTS OR THE CENTRAL COMPARTMENTS; THE LARGE BOOKSHELF IS DISTINGUISHED BY A SLIDING DOOR IN REFLECTIVE BRONZED GLASS; THE CHEST OF DRAWERS IS AVAILABLE IN TWO SIZES. WOOD TYPES INCLUDE GREY OAK, BROWN OAK, LIGHT BRUSHED AND BLACK BRUSHED OAK AND SMOKY OAK. THIS LAST FINISH, THANKS TO A CUT THAT REPRODUCES THE MANUAL CRAFTSMANSHIP OF SAWN EDGES, LEAVES TRACES OF PROCESSING THAT ADD VALUE TO ITS TIMELESS ELEGANCE, A DISTINGUISHING FEATURE FOR MAXALTO. CONTAINER INTERIORS ARE IN WOOD OR A GLOSSY BRICK PAINT.
