
Tulip

ARMCHAIRS

Jeffrey Bennett

Description

Tulip is a 360-degree swivel armchair with remarkably flexible use, whose highlight is the well-balanced proportion between its thickness and the intersections of straight lines and curves. The polished brushed aluminium supporting disc reflects part of the frame, thus emphasising the item's roundness. Two cuts carved into the backrest and a soft seat cushion make the chair cosy and comfortable.

Technical information

Internal frame:

tubular steel and steel profiles

Internal frame upholstery:

Bayfit® (Bayer®) flexible cold shaped polyurethane foam, polyester fibre cover

Seat cushion upholstery:

shaped polyurethane of different density, polyester fibre cover

fabric or leather

Technical drawings

B&B Italia reserves the right to make technological and aesthetic improvements to its models, including changes to the sizes and materials, without notice. The technical drawings do not define the details of the product. The measurements shown are indicative and may undergo changes. In particular, the dimensions relevant to the padded parts are subject to usage tolerances over time caused by the normal adjustment of the padding.
