
Charles

SOFAS

Antonio Citterio

Description

The protagonist of modern lifestyle, it has become the landmark in the world of design. The light feeling especially conveyed by the essential design of the “inverted “L”- shaped feet, along with a single seat-cushion and a series of free cushions placed on the backrest is the distinctive feature of a sofa that has met with boundless success. The airy shape and simple profile make it, almost by contrast, extremely rich and innovative from a spatial standpoint, a system that encourages the creation of ever new compositions. Charles includes an extensive family of elements that can meet every furnishing requirement, even the most personal demand for comfort.

Technical information

Internal frame:

tubular steel and steel profiles

Internal frame upholstery:
