

BAT LOUNGE CHAIR, HIGH BACK

Designed by GAMFRATESI

GAMFRATESI CHAIR COLLECTION

PRODUCT

DESCRIPTION

The new Bat Lounge Chair, which comes in a high- and low-back version, is designed by Danish-Italian design-duo GamFratesi. The chair carries strong references to the interesting characteristics of bats, with its inviting, distinctive shell reminiscent of the shape of a bat's wingspan.

Balancing between the traditional and surprising, the Bat Lounge Chair is created with a Scandinavian approach to crafts, simplicity and functionalism while also carrying a strong embedded story and associations expressed in a minimalist idiom. The wide range of upholstery options and different bases makes the Bat Lounge Chair fit perfectly into a variety of public and private contexts.

- Antique Brass

FACTS

MEASUREMENT - L X W X H MM

Sitting height: 42cm

Seat width: 57 cm

Frame width: 85cm

Frame depth: 87 cm

Chair height: 101cm

WEIGHT ITEM

17 kg

PACKAGING TYPE

Cardboard box

PACKAGING MEASUREMENT - L X W X H CM

L:81 X W:89 X H: 105

WEIGHT PACKAGING - MATERIAL TYPE

- Delivery note: 5 g

- Cardboard box, FEFCO quality EB85BB: 2200 g

- Polybag PE: 200 g

- LD-EPE foam protector: 100 g

- Strapping: 10 g

WEIGHT PACKAGING

4 kg

WEIGHT - TOTAL

23,5 kg

NUMBER OF PARCELS

1 pcs.

FABRIC CONSUMPTION

Fabric consumption Seat and Back - 3,91M

Leather consumption - 6,49m²

ACCESSORIES

- Plastic glides are standard
- Possibility of leather upholstered armrest against added cost

CLEANING AND MAINTENANCE

For cleaning the upholstered surface, first try to brush off the dirt gently. If this is not enough then vacuum the surface.

If further cleaning of the padding is needed, a stain remover is recommended. The cleaning has to be gentle and must always be tested on the most invisible area of the surface before the actual cleaning.

Avoid blotches by gentle, circular rubbing towards the stain.

To avoid stains, quickly remove the dirt with a piece of absorbing household wipe and clean with water and colourless washing-up liquid.

Do not use the following products for the padding:

- Undiluted cleaning liquids.
- Bleach.
- Ammoniac.
- Soap for hard surfaces.

For dusting and light cleaning of the frame use a soft, dry cloth.

For further cleaning of the frame, use a soft cloth that is firmly wrung in clean water for gently wiping the surface, and then immediately use a dry cloth to wipe the surface again.

If more thorough cleaning is necessary, use a mild detergent or washing-up liquid dissolved in water on a firmly wrung cloth to wipe the seat. Afterwards, repeat the process with clean water as described above.

Polish with a soft cloth after wiping.

Do not use materials for maintenance that:

- Contain abrasive agents.
- Are basic, acidiferous or organic.

For the best maintenance of the product, protect it against sunlight and heat, and try to keep it away from moisture, grease and other dirt.

Furthermore, protect the surfaces against sharp objects and other that might scratch.

TESTS.

FOAM:

Frontside of backrest foam: HR5050 – 15 mm - Fulfill requirements California Technical Bulletin 117

Backside of backrest foam: VB3842 – 5 mm
