

TRAIL

CARLO COLOMBO R&D POLIFORM (2015)

DESCRIPTION

The Trail kitchen is a new project designed by Carlo Colombo, which offers a contemporary take on of the kitchen space. The distinguishing feature of this kitchen is its integrated Trail handle, which can be positioned at the centre or the far end of the door. The different components of the model feature minimum thicknesses: from the worktops measuring 6mm to the wall panelling shelves, which are 3mm thick, and the new open cabinets with lighted back.
