TABLES

Antonio Citterio

Description

A striking table, with an essential design underscored by thick profiles and asymmetrical legs, making it a piece of furniture that dominates any room. Available in one square and two rectangular sizes (cm.160x160, cm.110 x 240, cm.110x300), the table now comes in a new version in semigloss Chilean tino wood, a precise stylistic feature also found in other pieces in the collection, as well as in more classical natural wenge or brushed light, brushed black and grey oak. The special folding technique used to create it highlights the table's refined workmanship, creating perfect continuity between the surface and the edges of the top.

Technical information

Technical drawings

B&B Italia reserves the right to make technological and aesthetic improvements to its models, including changes to the sizes and materials, without notice. The technical drawings do not define the details of the product. The measurements shown are indicative and may undergo changes. In particular, the dimensions relevant to the padded parts are subject to usage tolerances over time caused by the normal adjustment of the padding.
