Technical Specification Sheet

Melt Shade Gold 30cm

With Melt, our experiments in the technologically advanced field of vacuum metallisation take on a new twist. Melt Gold is a distorted lighting globe born from our collaboration with Swedish radical design collective FRONT. The light bouncing and reflecting around the uneven surfaces creates a dramatic melting hot blown glass effect. Melt is translucent when on and mirror finish when off. Its internal luminosity is visible in full daylight. At night, it emits an attractive, mildly hallucinogenic light, akin to recent Hubble Telescope images of the cosmos. Also available in 50cm and in chrome and copper.

Process	A blow-moulded 30cm polycarbonate shade with a semi-metallised interior that is a solid liquid mass when off and semi-transparent when lit.			
Year of Design	2015			
Material	Polycarbonate			
Product Code	MES02G-PEUM Shade (EU) Fitting (EU)	MES02G MBA08GEU		
Туре	Pendant			
Colour	Gold			
Cleaning Instructions	,	cloth only. Do not use polishing		

agents, water or abrasive materials when cleaning. Always switch off the electricity supply before cleaning.

<u> </u>	Bulb spec EU/UK	E14 25W (max) Bulb not included		
	Cable length Cable colour	250cm/ OClear	98.4in	
P	Ceiling Rose Diameter Colour Material	11.5cm/ 4.5in • Gold Gold plated metal
