181 ARIES SIDE TABLE

By Anthony Guerrée

The Aries side table, named after the constellation in the northern sky, is a celebration of solid wood, highlighting the natural richness and character of the material in its purest form, and skillfully playing with its end grain.

Three substantial pieces of timber appear to seamlessly interlock, creating a visually compact form that elevates the side table to that of a sculptural statement piece, adding warmth and organic charm to any space.

MATERIALS

TIMBER
