LISSONI SOFA™

The Lissoni Sofa™ by the Italian designer Piero Lissoni is a sophisticated and contemporary sofa in an international design language. The clear horizontal and vertical lines that are very obvious in the contours of the base and comfortable cushions, characterize the sofa. The sofa is a prime example of Piero Lissoni's design principle never to design for a specific function or purpose - but to design for human beings. You also sense his great admiration for the designs of Poul Kjærholm and Arne Jacobsen and their ability to be ahead of time.

PIERO LISSONI 1956-

Italian Piero Lissoni is a well-known designer and architect with a degree from the Polytechnico of Milan. In 1986 Lissoni founded the Studio Lissoni. Since then Piero Lissoni has worked with a dense list of design brands, such as Boffi, Cassina, Kartell, Living Divani and Flos on a wide diversity of designs of furniture and lighting.

Lissoni's projects are often total designs, i.e. full-scale interiors and architecture of hotels, offices and showrooms, yachts and private homes. He's inspired by many different elements but also designers such as Danish Arne Jacobsen and Poul Kjærholm.

Piero Lissoni's design principle is never to design for a specific function or purpose - but to design for human beings. For Fritz Hansen Piero Lissoni designed Lissoni Series in 2006 and in the autumn 2008, Alphabet™, a new modular sofa series is introduced.
