## Treforchette

con/with Alberto Nason

Le forchette sono diventate forchettone, il piatto un piattone, il diffusore un diffusorone... È nata la Treforchettone! Fuori misura per le cucinone, i tavoli da pranzo, i salottone.

*The forks have grown much bigger, so has the plate and the diffuser... The Treforchettone is born! Outsized for big kitchens, big dining room tables and big sitting-rooms.*
